

# Multi-function Dimming Driver

Launched in September

EULP50S-1HMC-0

Multi-function Dimming Driver

## Feature

- ▶ Support multi-function dimming (DMX,DALI, Touch DIM,0/1-10V)
- ▶ Constant current output, Set output current via software
- ▶ Linear dimming mode, range of 0-100%, no flicker
- ▶ Built-in active PFC function
- ▶ THD  $\leq$  10%
- ▶ Suitable for indoor LED lighting application, such as down light, panel light, tri-proof light, and so on

## Parameter

Input Voltage	Output Current	Output Voltage	Output Power	Dim Mode	Size(mm)
200-240V	900-1400mA	9-56VDC	50W	DMX DALI 0/1-10V	280*30*21
